## PROFESSIONAL SUMMARY

---

Software Developer with 2.5 years of experience building scalable web applications using Angular, React (TypeScript), Node.js, Cassandra, and MongoDB. Adept at full-stack development, API integration, and cross-functional collaboration. Proven ability to deliver robust and user-centric solutions across diverse platforms. Strong knowledge of GitHub for version control and team collaboration.

## WORK EXPERIENCE

---

### Software Developer

Aug 2022 – Nov 2024

*Iwin – Born to Win Enterprices Pvt. Ltd., Thuckalay*

- Developed and maintained scalable front-end modules using Angular for Iwin Life, Host, and Admin platforms.
- Built RESTful APIs and backend services with Node.js for data management and user authentication.
- Designed Cassandra-based data models to support high-volume transaction systems.
- Collaborated with QA team to test workflows and improve performance across platforms.
- Integrated GitHub for version control, code reviews, and CI/CD workflows.

### Software Developer Intern

Jan 2025 – Jun 2025

*Relaxplzz Technology, Technopark, Thiruvananthapuram*

- Contributed to feature development using React with TypeScript for a productivity-focused web app.
- Implemented backend services in Node.js, with MongoDB for data storage and aggregation.
- Participated in Agile sprints and code reviews using GitHub and Jira.

## SKILLS

---

**Frontend:** Angular, React (TypeScript), JavaScript, HTML5, CSS3

**Backend:** Node.js, Express.js

**Databases:** Cassandra, MongoDB

**Tools:** GitHub, Postman, VS Code

**Other:** REST APIs, Agile, Git, Responsive Design

## PROJECT HIGHLIGHTS

---

**Iwin Life Platform:** Developed core modules using Angular; integrated Node.js APIs and optimized for mobile responsiveness.

**Relaxplzz Task Manager:** Built interactive React TypeScript UI with authentication and role-based access using MongoDB backend.

## EDUCATION

---

### Bachelor of Computer Application

2015 – 2018

Nesamony Memorial Christian College, Marthandam, Kanyakumari District

### Master of computer application

2018 – 2020

Udaya School of Engineering College, Vellamodi, Kanyakumari District
